Election Issue
(This issue has been funded by the Elections Board)

Mark Chandler for President

When I started working in the SGA two years ago, I had one thing in my mind and that was to make sure that the students' rights and concerns were always protected. I feel that I have done this in all areas, and I would like to continue doing this and that is why I am running for SGA President to represent and help you!

I feel I am very qualified to represent your interest. I would like to explain this to you. First of all I served on the Legislature where I constantly looked out for your rights. Serving on the legislature gives me valuable experience in this area which is instrumental to the president in policy making.

I then became director of the Drama Board – taking control in confused times – and made that area an efficiently operating service to the students. Being the director of the Drama Board also placed me on the Student Program Council (SPC). The job of the SPC is to plan and approve the overall programming for you, (films, speakers, concerts, etc...). This experience is vital to a president because he serves as chairman of the SPC. I feel I can do this well for you.

I am presently the Director of Student Services, and the experience I have gained here is very valuable to me. I have learned much in the area of helping students and in students' needs because I have been meeting them. I have also been serving on the executive cabinet I have fought for your rights.

Furthermore, I have been dealing with the University's administration one-on-one in protecting your rights.

As you can see I am experienced enough to do the right job for you. I can operate effectively with the Legislative process of the SGA, the administrative process of the SGA, and in dealings with the administration.

If I am elected, I plan to make policy that will cut some unnecessary bureaucratic areas while not cutting the services for you – the students. I will do this by combining various SPC boards so that the overall efficiency will be increased. Also, I would like to see about keeping the library open longer during the weekends near the end of the quarter because many students say there is not enough time to get work done.

I have enjoyed working for you and representing you with the administration. I feel that I have done a good job and I would like to continue working and doing this job for you. That is why I would like to serve as your next SGA President.

Remember when you vote on April 20 and 21, vote for the candidate of your choice, but do go vote - it is your right. Thank you for taking time to read my statement. If you have any needs or ideas you would like to express, feel free to come by my office, I work for you.

Mark Chandler

Tom Counts for Vice-President

Hello, I'm Tom Counts and I am running for Vice President of the Student Government Association.

In the past year through my work as an SGA Legislator I have had the chance to work closely with most aspects of the SGA-involved student activities. As legislator, I learned how to work with the legislative system and make it function for the betterment of the students. I also learned the importance of a dependable, competent, and judicial Vice President. I am confident I can be all this and even more. If elected I will keep my eyes and ears open to the opinions of the UAH student body and relay those feelings on to the legislature.

I believe that I can represent the students effectively and promise that I will be available to hear any comments or suggestions. I would appreciate your vote and support on April 20 and 21. Thank you.
Hello, my name is Steve Meador. I'm running for re-election as the SGA Finance Officer. For the past year in this office, I have become familiar with the SGA accounting system as well as with the internal operations of the UAH administration. I feel that my past experience as Finance Officer makes me very qualified and capable of handling the duties of the office.

Being an accounting student, the office is in line with my academic interests. I will be of senior standing at the end of this quarter and I plan to finish my education for the BSBA here at UAH. During the coming year, I plan to run the office as efficiently as I have in the past. I ask for your support at the polls on April 20 and 21. Thank you.

Steve Meador for SGA Finance Officer

My name is Melanie Schauer and I am running for the office of Secretary of the Student Government Association. I have seen the importance of the Legislature at UAH, and am confident that as Secretary I can provide the experience and organization needed to continue the strength of our SGA.

The position of SGA Secretary requires dependability, responsibility and efficiency. I am currently secretary for Alpha Lambda Delta Honoraty and have previously served as secretary for three other organizations.

Through such experience I have become increasingly familiar with effective secretarial and office procedures. Also my experience as an employee of the Book Nook has given me great insight into the needs of the UAH student body.

Through my constant exposure to various peoples and groups, I can relay desires and ideas to the legislature and help inform them on pressing issues. Therefore, I feel that I am most qualified for the office of Legislative Secretary.

I would appreciate your support on April 20 and 21. Thank you.

Melanie Schauer for Secretary

My name is Valerie Hannum and I am running for the office of SGA Legislative Secretary. I am a freshman and majoring in Computer Science. I have always participated in and enjoyed extra curricular activities such as swim team, and while in high school, I was a member of the Senior National Honor Society as well as the Math and French Honor Societies. I am also a new member of the Delta Zeta Sorority, and I am presently holding the position of guard. I am aware of the responsibilities and expectations of the office for which I am running. Due to the office work which I have done in the past, I feel confident and qualified. I would appreciate your participation and encouragement in SGA. Thank you for your support.

Valerie Hannum for Secretary
Hello, I'm Jennifer Bagley and I'm a freshman running for SGA Legislator. I'm interested in becoming a legislator because I would like to be more involved in student policy and making life at UAH the best it can be. I can promise that I will work hard to represent the students' wants and needs through the Student Government Association. I consider the SGA a very important part of UAH in which I would like to participate. UAH is a growing school and changing constantly. The need for effective planning and cooperation among all members can not be over emphasized. If elected I will make an honest effort to meet the needs of students in a responsible way through our SGA. Be sure to vote on April 20 and 21 and thank you for your support.

Jennifer Bagley for Legislator

Valerie Combs for Legislator

My name is Valerie Combs and I am running for twelve-month legislator. I am currently a sophomore and an honor scholar majoring in political science. I am a member of Delta Zeta sorority and I am my sorority's representative to the Panhellenic association on campus. I have been at UAH for the last two years and I feel that I am well acquainted with the problems and concerns of the students. If given the chance, I will do everything in my power to see that the students have a voice in government at UAH and I will always try to be available for any discussion.

Wednesday, April 13, exponent 3

Bruce Askins for Legislator

VOTE
April 20-21
Hello, my name is Casey Hessler and I am a Freshman at UAH. I am running for the seat of 12-month SGA Legislator and feel that I can do a good job representing the student's views within the SGA. I am presently serving as SGA Ombudsman, which is the watch-dog of the legislative body. Through my work as Ombudsman I have learned much about the procedures of the Legislature as well as how to work well within the legislative system. I feel that this knowledge will help me to work effectively with the other members of the SGA and represent the students of UAH.

Through my work in the UAH Book Nook I come into contact with many UAH students everyday, so I am able to hear suggestions or problems that anyone might have. I believe this accessibility is very important for an SGA Legislator in enabling them to do a more effective job.

I believe that UAH and the SGA have the capability to grow together harmoniously. I would like to be a part of that growth and a representative of the student's views. I would always be willing to talk with anyone concerning the SGA and would do my best in working with all the students of UAH.

I would like to ask for your vote and support on April 20 and 21. I promise to do the best job possible and to represent all students to the best of my ability.

My name is Rosey Baucom and I am running for re-election as a twelve month legislator. During the past year, I have served on the registration and commencement committees, and I am chairman of the organizations committee. Through the organizations committee, I am responsible for reviewing all club constitutions and presenting them to the legislature for charter or re-charter. I have supported all university clubs in their attempts to receive funding from the SGA. I highly encourage involvement for all students and plan to continue to fulfill the pledge to organizations that I made in my campaign statement last year. In other areas, I want to develop more programs that will provide safety and crime prevention on campus.

I enjoy working with both the students and the administration and would like to continue to serve UAH as a legislator. I would appreciate your support so that I can continue to serve you and the UAH community.

Hello, I'm Maggie Davis and I am running for Legislator of the Student Government Association. I am running for this position because there are many situations and administrative policies that do not meet the needs of the students. I would like the opportunity to express the collective opinions of the student body on these issues. I will work to improve the student life at UAH. I see a need for improving the social activities, especially those for students not involved with fraternities or sororities. I am also interested in gaining student body support of the athletic program. I will do my best to represent the students and will work as hard as I am able. Thank you for your support.
Josh Kelly III for Legislator

I have thoroughly enjoyed being a legislator for the past year. I have met many people, and gained valuable experience. Most of all though I have tried to help the students of UAH. One development I have worked for is the installation of ten new outdoor lights in off-campus housing. The lights have been purchased, and should be up sometime before the year 2,000. The safety of students on and off campus is but one of many problems that concern a legislator. There are other goals I would like to help the students of UAH accomplish. I am a junior majoring in Political Science and Pre-law. I am currently president pro temp and rules chairman of the legislature. I will graduate next spring and there is a lot I would like to do for the students in my last year here.

Thanks.

Marie Kiesewetter for Legislator

My name is Paula Putnam, and I’m running for the office of twelve-month legislator. I am a freshman and a member of Delta Zeta sorority where I hold two appointed offices, so I feel I have become acquainted with UAH and its students well enough to effectively represent you in the Student Government. I was active in SGA in high school and would like to continue my involvement in campus happenings. I will be eager to listen to any ideas you would like the student legislature to consider. Your support will be appreciated.

As you know it’s time to elect S.G.A. legislators and I feel I can do a good job representing your interests. I’ve worked with S.G.A. in various functions as a liaison for other organizations. This work has given me experience and an awareness of how the system is run. I feel I can give the U.A.H. student body a fair and reliable representation. Also, I would work toward a continued improvement in student activity programs in order to enhance the quality of student life on the campus. If elected I’ll be very open to ideas from the students and will work to enhance the communication channels between S.G.A. and the student body.

Thank you.

Marie Kiesewetter

Jeff Moder for Legislator

My name is Jeff Moder and I am a freshman Political Science major running for the office of Legislator. I feel I am qualified for the office because I have had the experience in Student Government in the past. I am not going to fill my campaign with inflated promises that I can’t deliver. I am, however, interested in many of the programming aspects, and I promise to do the best job possible in furthering those areas.

If you elect me, I will set goals that will benefit you, the student, in the best way possible. I will also make sure that it is your interest that are constantly being guarded.

What needs to be done for you, needs to be done for your student government. I will make sure that that is what is done.

I would like to represent you on the Legislature, and also to be able to look after your rights as a student. I would appreciate it if you would give me that chance.
Bill Starnes for Legislator

Hi, I'm Bill Starnes and I'm running for the position of SGA Legislator. Your legislator should be informed on the issues facing the school and the concerns of the student body. To do this takes time and effort, time and effort I'm willing to put forth.

I am a freshman majoring in Political Science, a member of Alpha Tau Omega, and a resident of campus housing. I am aware of and have a great interest in the processes and problems that occur in student government.

I have the experience necessary and I am willing to work hard as your student government legislator. Your vote for Bill Starnes would be greatly appreciated.

Andrea Mosby for Legislator

My name is Andrea Mosby and I am running for SGA 12-month Legislator. I am presently a Junior Marketing major and have been at UAH three years. I am involved in many different campus activities and I am the President of Chi Omega Sorority. I would like to become involved with the Student Government Association because I feel it is one of the most viable student groups on campus. I believe that from my years at UAH and campus activities that I will be an asset to the Student Government Association. I would appreciate your vote on April 20-21, for SGA 12-month Legislator.

Andrew Prince for Legislator

Do you want your voice heard in the SGA Legislature?

My name is Andrew Prince and I am running for the office of legislator. I feel that the job of distributing our school funds throughout the next year is one that I, with two years as a fellow student, could approach with the experience of answers from past problems.

Through my first year as a UAH Cheerleader, contact with the SGA, and the time I have spent on campus involved with other students, I have seen the way the SGA can help.

I have enjoyed the programming that the SGA has provided us with over the past two years and I would like to be a part of its continued growth. If you want someone who is concerned with your needs as a student and who will work for you as legislator, I would appreciate your vote.
**Betsy Mosgrove for Twelve-Month Legislator**

Once again the time has come for you to choose your Student Government representatives. My name is Betsy Mosgrove, and I am running for the position of twelve month legislator. As a senior, I have been involved at UAH in many areas. Specifically in the Student Government Association I served as Legislative Secretary for one year, and I have served one term as a Legislator. This experience has given me a good background knowledge of how our SGA works. I feel that this knowledge will help me to serve you better as your representative. I have watched the progress that our campus has made over the past few years, and I am very pleased. There is, however, still room for improvement. A hard working Student Government Association is an important step in that direction. I am willing to do the work necessary to help get these improvements made. I would appreciate your vote on April 20 and 21. Thank you.

**Scott Weir for Student Affairs Advisory Board**

My name is Scott Weir and I'm running for a position on the Student Affairs Advisory Board. The students elected to this board fill an important role because they represent the views to the university administration.

The students at UAH need a voice in the running of this university. This view is especially important in light of the rapidly growing, and changing, student body. UAH is the fastest growing school in the state and the needs of the student body are changing. No longer is this school attended by just part time commuter students. The administration needs to be aware of the changing needs of the students, especially those students who are making this university their home for the time that they are at UAH.

I feel that I can accurately represent the attitudes and feelings of the students. I have already served in this representative role in some capacity through my service on the UAH Lancers, the 1983 Homecoming Committee, and work within the Greek organizations on campus.

The students of this university need someone to make the administration aware of their needs and interest so that future programs at UAH will reflect the needs of the students and not just the administration.

**for Judicial Hearing Board**

I'm Scott Weir and I am running for a position on the Student Judicial Hearing Board. Hopefully none of you will never have to appear before this board but it still performs an important function in keeping the student judicial code in force.

These students, along with faculty members, hear cases in which charges of violations of the judicial code are brought up. I am familiar with the judicial code and am knowledgeable in the workings of the Judicial Board and feel that I could fill this position.

As I stated before, I hope you never have to come before this board. But if you do, I'll see that the rules are enforced.

help nominate
most outstanding
most distinguished
student leaders

This year the Division of Student Affairs will recognize outstanding student leaders during a special Student Affairs Reception for all clubs at the Noojin House on May 9, 1983. The purpose of this recognition is to honor students who have significantly contributed to the success of fellow students, activities, and organizations through their unique qualities of leadership. Two types of recognition will be honored — four “Distinguished Leaders” and one “Most Outstanding Student Leader.” The essence of these recognitions is not contained in the number of activities or organizations with which one is involved, but the quality of leadership which the individual has demonstrated over the past year. The nominees must have attained a minimum 2.5 QPA and at least junior status in class rank.

The purpose of “Most Outstanding Student Leader” will be to honor the student who has made a major impact upon student life at the University. This individual must have made significant contributions which led to the betterment of conditions and to the enhancement of the general well-being for all students at UAH.

A “Distinguished Leader” will be recognized from each of the following four areas: Student Government Association, Greek Organizations, clubs/organizations, and Athletics. The intent of this recognition to honor outstanding students who have made a significant impact upon a particular group within Student Affairs.

Please share this information with your fellow students, faculty members, or workers, and encourage them to nominate any individuals who they feel meet the above criteria by Tuesday, April 19, 1983, Rm 201-Student Union Building.
