This Book is brought to you for free and open access by the University Advancement at LOUIS. It has been accepted for inclusion in Bulletin Board by an authorized administrator of LOUIS.
MANAGEMENT ADVISORY COMMITTEE NAMED . . . A Division of Management Programs has been formed at UAH as a preparatory step toward establishing a School of Management and applications have been received for the position of associate dean. The first meeting of the Advisory Committee for the Associate Dean for Management Programs is June 18 when a review of the candidates will begin. The new dean is expected to be named in July.

Those serving on the committee are: Co-Chairmen Dr. Jon Rogers, dean of the School of Humanities and Behavioral Sciences, and UAH President Dr. John Wright; Dr. Margaret Bond, professor and acting chairwoman of the Economics Department; Al Bryan, vice president of the Raytheon Company; Dr. Norman Bucher, chairman of the Department of Business Administration; Bill Marks, president of the American National Bank; Neil O'Brien, plant manager of Buckeye Cellulose; Dr. Pat Odom, manager of Northrop; Dr. Pembroke Rees, assistant professor of business administration; Major General Louis Rachmeler, commander, U.S. Army Missile Materiel Readiness Command at Redstone Arsenal; Dr. Robert E. Shannon, professor of industrial and systems engineering; and Jim Simpson, coordinator of administrative studies for the Division of Continuous Education at UAH.

SCHOOL OF NURSING DEAN APPOINTED . . . The appointment of Dr. Etta Anne Hincker as dean of the School of Nursing was announced last week by UAH President John Wright to become effective September 1. She currently serves as professor of nursing education administration in the College of Nursing and professor in the Graduate College at the University of Illinois' Medical Center in Chicago. Dr. Hincker was appointed following a national search by the UAH committee led by John Warren, director of libraries. She will be succeeding Dr. Janet Anita Pitts who has resigned effective this August.

DR. SCHROER NAMED JEEC DIRECTOR . . . The national search for a director of the Johnson Environmental and Energy Center has ended with the appointment of Dr. Bernard J. Schroer who has served as acting director the past two years following the death of Dr. Kenneth E. Johnson, founder of the center. Dr. Schroer joined JEEC in 1972, a year after it was established as an environmental research center. Energy and transportation components were added to the center following the Arab oil embargo. His work has included using computers to solve environmental and energy problems. The new director currently serves on the Governor's Alabama State Solar Energy Committee, the Energy Conservation Advisory Committee and is a member of the Alabama Historical Commission.

THOSE OF YOU WHO WORKED ON A HOLIDAY . . . be sure to take the days due you by August 31. If you worked on a University holiday and planned to take a day off later in the year to make up for it, you must use that time before August 31 or you'll lose it.
ALUMNI AWARDS . . . More than 200 persons enjoyed the annual Alumni Association banquet May 25 at the Redstone Arsenal NCO Club. The evening was climaxed by the presentation of faculty and student awards. Recipients this year were: Dr. Margaret Bond, professor and acting chairwoman of the Economics Department, Faculty Appreciation Award; and Barbara Askins, a Marshall Space Flight Center chemist, Outstanding Alumnus Award. Dr. Charles Woodard and Dr. Eleanor Hutchens, retiring from the English Department, and Hertha Heller, retiring from the Modern Foreign Languages Department, all received Awards of Appreciation. Salvador Arias received the Student Scholastic Award, and Robert Johnson received the Student Athlete Award. Both were graduating seniors. The other major piece of business was the changing of the guard, with Bob Milner turning over the presidency to Joe Fitzgerald.

RESOLUTIONS FOR RETIREES . . . One of the ways a university can say "thank you" to a professor for a job well done is through a resolution. The Board of Trustees of the University of Alabama System was glad, therefore, for the opportunity to pass resolutions in appreciation of the years of service to students and UAH given by retiring professors Hertha Heller of the Modern Foreign Languages Department and Dr. Eleanor Hutchens of the English Department. Dr. Hutchens, with 17 years teaching service at UAH, has been named Professor Emeritus, and Heller has been nominated for a Goethe Institute Certificate of Merit. Both of these exceptional teachers will leave the mark of their careers on the students they taught and a challenge for the teachers who follow in their stead.

ANOTHER AWARD FOR ASKINS . . . UAH alumna Barbara Askins, who was named the 1978 National Inventor of the Year for a patented invention of a practical autoradiographic image enhancement process, is the recipient of a $4000 NASA award for the same process. An enthusiastic UAH booster, Askins says: "If it were not for UAH, I would still be a housewife." She adds that anytime mention is made of her accomplishments she would like it known that she attributes her success to the extra consideration and help she feels she and all chemistry students receive from Dr. Clyde Riley, Chemistry Department chairman. "He offered me a research assistantship and showed he believed in my ability to do research even before I had confidence in myself and believed I could do it," she says.

SPMC OBSERVES FAMILY PRACTICE RESIDENTS' DAY . . . A tradition was established by the SPMC June 1 with the first Family Practice Residents' Day. A luncheon, forum, and awards-ceremony and dance honored the 12 physicians completing the three year residency program here, as well as alumni of the residency program, and the medical volunteer faculty. Following the luncheon in the Ambulatory Care Center, Dr. Silas Grant, associate dean, presented the school with a portrait of Dr. G. Gayle Stephens, first dean of the SPMC who is now chairman of the Department of Family Practice in the School of Medicine at UA3. The highlight of the awards ceremony was the presentation of Outstanding Resident in Obstetrics/Gynecology to Benjamin S. Fail, M.D., a third year resident.

SPMC STUDENT AND FACULTY AWARDS . . . The fourth annual SPMC student and faculty awards dinner May 25 honored the 15 members of the Class of '79 at the University of Alabama School of Medicine who have received their clinical training (third and fourth years of medical school) at the UAH School of Primary Medical Care. Dr. Roy Harris, assistant professor of internal medicine at the SPMC, was master of ceremonies for the seniors' special evening at the Sheraton.
THE VON BRAUN LECTURE SERIES . . . will present its second speaker at 8:30 p.m. July 18 in the Sheraton Inn. The free address is open to the public and will be given by Dr. George Mueller, former director of the Apollo Program and a major promoter of the Space Shuttle. Dr. Mueller was on the staff of the Bell Telephone Laboratories from 1940 to 1946; rose from director of the electronic laboratory to vice president for research and development at Space Technology Laboratories from 1958 to 1962; and from 1963 to 1969 was associate administrator for manned space flight at NASA headquarters. He currently serves as president and chairman of the board of System Development Corporation in California.

The lecture series is being coordinated by Dr. Ernst Stuhlinger who has invited ten internationally known persons who were close friends of Dr. von Braun to address the theme "Man Must Explore" as part of the Wernher von Braun Chair in Science and Engineering at UAH.

SUMMER CONCERT AND ICE CREAM SOCIAL . . . The UAH Summer Chorus, under the direction of Dr. D. Royce Boyer, will perform for the annual Summer Concert and Ice Cream Social at the Church of the Nativity on Eustis Ave. Friday, August 10 at 7:30 p.m. The program will feature Battista Pergolesi's "Magnificat" as the choral/orchestral work, and also a medley of songs from a Broadway show and folksong arrangements. The public is invited to enjoy the free event that has become a traditional summer occasion.

THE NEW TELEPHONE DIRECTORY . . . is being compiled and plans are to have it appear by mid-summer. Listings will include the employee's name, rank or position title, campus address and telephone; home address and telephone, and name of spouse, if applicable. If you prefer not to have your spouse's name, home address or home telephone number included in the directory, please clip the form below and send it to News and Publications in 234 Madison Hall which will forward the information to the Office of Personnel Services for the University's data bank. The form must be returned by June 22.

Please do not list the following information in the UAH Telephone Directory.
Employee name (please print)______________________________

☐ Name of spouse
☐ Home address
☐ Home telephone number

Signature of employee______________________________

Date signed______________________________
RESEARCH PROJECT PROPOSAL DEADLINE, FALL TERM . . The next deadline for submission of research project proposals to the Research Grants Committee is Wednesday, July 25. All interested faculty, staff members, and students are encouraged to apply for grants. New application forms (revised April 1978) and instructions may be obtained by calling 5-6002. Applicants are urged not to use old forms, as instructions and the format have changed. Interested parties should send two proposal copies to 203 Madison Hall.

*Student Application Policies:
1. Full-time students are eligible to apply for research grants provided they have a full-time faculty member as a sponsor. The sponsor shall verify that the work proposed is that of the student and not the work of the faculty member.
2. Student projects cannot be funded for which the purpose is fulfillment of a degree requirement.
3. Grants-in-aid to student applicants may be awarded for one term per year for a maximum of 20 hours per week at the appropriate rate established for students.

YOU MAY SEE UAH ON VACATION . . when you visit a state park this summer. The Johnson Environmental and Energy Center is putting on the Tourism Fuel Economy Summer Program to give motorists a chance to find out if their gasoline dollars are going up in smoke. The program includes visiting six state parks: Gulf Shores May 29-31, Joe Wheeler State Park June 12-14, Lake Guntersville State Park June 26-28, Desoto State Park July 10-12, Lakepoint Resort State Park in Eufaula August 7-9 and Cheaha State Park August 28-30.

Tourists will be given a free fuel economy analysis, including a check of their vehicle's timing, tuning and tire pressure. In addition, free litter bags will be distributed with advice on how to take care of vehicles, determine car mileage and get more miles per gallon. The program is being conducted by a team from JEEC as part of its Car Care Clinics funded by a grant to the Alabama Energy Management Board from the Department of Energy to reduce gasoline consumption.

DELTA ZETA GIFT . . In honor of May graduates who were charter members of the UAH Delta Zeta chapter, the sorority has presented the University with a silver punch bowl, tray and cups to be used for campus events. It was used for the first time at the reception following commencement May 26.

LAW SCHOOL ADMISSIONS . . Dr. Carolyn White, chairwoman of the Political Science Department and Prelaw Advisor, reports that UAH students seeking admission to law school this year were accepted at the University of Michigan, New York University, Duke University, University of the Pacific, Boston University, Emory University, Vanderbilt University, Washington and Lee University, University of Alabama and Samford University. To her knowledge, Dr. White says, all students who completed the application process after notice of LSAT scores were accepted.

NEW GALLERY EXHIBITIONS . . A collection of contemporary designs by Pat Potter, visual arts coordinator of the Anniston Museum, is being shown in the UAH Art Gallery. She has presented similar shows in a number of Southern cities including Birmingham, Atlanta, Charleston and Chattanooga.

An exhibition of printmaking by Rosi Bernardi's students will be on exhibit in the student section of the Gallery June 11-24.
NEW LIBRARY HOURS POSTED . . . Karen S. Riddell in the Library advises that the hours through August are as follows:

- July 4: CLOSED (Independence Day)
- August 25 & 26: CLOSED (between terms)
- August 27 - 31: Open 8:00 a.m. - 5:00 p.m. (between terms)

The Library will be open regular hours on all days not listed.

TELL US WHAT YOU’RE DOING . . . through the annual special events calendar. The Academic Advisement and Information Center and the Office of News and Publications is putting together a yearly calendar to be published in late summer. Katherine Orr in the Information Center is compiling the information and needs to hear from you on what you’ll be doing for the coming year. She also provides BULLETIN BOARD with its monthly listings for the calendar on the last page. Call her at 5-6295 to list your group’s activities in BULLETIN BOARD and the special events calendar.

JOB OPENINGS . . . The following staff jobs are open at UAH. More information is available at Personnel Services in Madison Hall. New listings are updated weekly and posted on campus bulletin boards. Persons interested in the following positions should contact the Personnel Office at 5-6545 for additional information. UAH is an affirmative action/equal opportunity employer.

**STAFF POSITIONS**
- Heating and A/C Technician (2)
- Utility Worker (2 Temp.) (1 Perm.)
- Electrician’s Helper (2)
- Director of Nursing
- General Maintenance Helper
- Library Assistant
- Sr. Library Assistant
