Civil rights crusader addresses Sociology classes

by Marian Delaney Sampson
features editor

Garnett Harrison, Mississippi attorney and civil rights crusader, spoke to Dr. Joy Haralick's Sociology 101 classes on Sept. 25 and 26. Harrison spoke to the classes about his experiences in several custody battles in Mississippi where women were suing to break up their former husbands to visit with their children. Harrison traced each of these cases from the beginning to their present status. He also discussed briefly other custody cases where women have alleged sexual abuse against their children.

Harrison, an attorney with experience in child custody involving child sexual abuse, is credited as being the founder of a new civil rights movement for women and children. She spoke about "How the Social Structure Affects One's Personal Life." She equated the current system in the United States with the "grape of retribution,"增长 up with "Mississippi." She said that the Kempe Institute in Evanston, Illinois, had recently been evaluated to be a "hotbed of pedophiles" because children had been sexually abused.

Harrison became involved in the field of domestic violence while a law student in Mississippi. She founded the Jackson Rape Crisis Center while a student and has written legislation on domestic violence while a student.

Harrison talked about new techniques and instruments for detecting abuse. The colposcope is a German-designed device that photographs abnormalities without intrusive probing. She also said that the activity should not be called abuse or incest or molestation, it should be called child abuse and be considered an act of violence, not an act of sex. Harrison presented an outline of the Newborn and Singleton cases in convincing detail. She also spoke about the founding of Mothers Against Raping Children (MARC), a group of women who organized in an attempt to raise support for Newborn and Singleton. MARC is largely composed of women who have had domestic violence and child abuse.

Various men involved in the two cases are featured in "The American Lawyer" of May 1988 as saying about the Newborn case, "It's frightening. From a male standpoint, it's frightening," and MARC is "a hanging party or a social function for people for people who have had sexual abuse.

For what, I don't know.

Artie read a letter from a 10-year-old client of hers who had been raped by her stepfather and was told by Harrison that the court has decided that there are different networks available where children can go underground. There are various sanctuary movements in the country and added that there is no question that "it is illegal" and considered a conspiracy to obstruct justice to remove a child from an abusive situation where the court has ruled no abuse exists.

Harrison's experience with unpopular causes began when a 14-year-old client of hers who had been raped by her stepfather went to a local women's clinic and was bussed by anti-abortion picketers. She studied what was lawful picketing and what was not and succeeded in getting an injunction against the picketers. She said that the clinic's business flourished by hers' suffer. She also became the victim of harassments such as dead fish being left in her car.

Harrison said, "The hope we're going..." continued to page 2

Red Cross salutes drives

by Sheree Barnes
for The Exponent

On a rainy Friday Sept 29, business executives and community leaders gathered for lunch to salute those who assisted the Red Cross in blood drives throughout Alabama. The University of Huntsville in Huntsville was among those who were honored for the Red Cross-sponsored blood drive in January of last year.

Ken Roberson, director of the Huntsville Red Cross chapter opened up the awards ceremony by thanking the coordinators for their efforts in sponsoring blood drives. He also said that the Red Cross was "dependent upon the coordinators of blood drives for blood collections.

Roberson spoke a little about Hurricane Hugo and the Red Cross effort to help the victims of the storm. The Red Cross estimates that they will spend 40 million dollars to aid the east coast of the United States, Puerto Rico and the Virgin Islands. Roberson relayed reports from Red Cross workers and volunteers in Charleston, South Carolina, saying that downed trees had prevented rescue teams from reaching all areas even 6 days after the hurricane. Roberson also reported that the Charleston Red Cross building had been 6 floors tall and now it is 2. Hugo has proven to be the most costly of all disasters in the Red Cross 108 years of existence and has depleted existing funds.

Dr. Sandy McKenzie, local pediatrician and UAH professor of pediatrics, spoke next and said that "donations are necessary and appreciated. Most of us will, at one time or another, have a family member who will need blood. There are times when surgery has to be cancelled due to lack of blood, and none of us wants to..." continued to page 3
Third Wernher von Braun forum to feature three noted speakers

The co-creator of Carl Sagan's "Cosmos," Gentry Lee, singer-songwriter Lee Greenwood, and a member of the von Braun rocket team, Georg von Tiesenhausen, will be featured speakers at the Third Biannual Dr. Wernher von Braun Exploration Forum. Sponsored by the University of Alabama in Huntsville, the Space and Rocket Center, and NASA's Marshall Space Flight Center, the forum will convene at the Von Braun Civic Center Concert Hall on Wednesday, October 25 at 8 p.m. The doors will open at 7:30, and tickets can be obtained free of charge at the VBCC, The UAH Division of Continuing Education and The Space and Rocket Center.

1989 has already been a significant year for planetary exploration with the Voyager flyby of Neptune and the Magellan and Galileo launches to Jupiter. At the forum, the speakers will examine both the results of recent planetary explorations. They will discuss planetary exploration and the goals of future United States initiatives. Each speaker brings with him unique insight into the space program. Georg von Tiesenhausen will reflect on the contributions of Dr. Wernher von Braun in the space program. Von Tiesenhausen served on von Braun's rocketry team and was integral part of the United State's first ventures into space.

In addition to his contributions to "Cosmos," Gentry Lee has been involved in planetary exploration for over twenty years. While serving as the Director of Advanced Programs, Solar System Exploration, for NASA in 1986 and 1987, Lee's responsibilities centered on planning future planetary explorations. He also has served intermittently as the chief engineer for Project Galileo.

Although best known for his musical abilities, Lee Greenwood has been active in the educational aspects of future space initiatives. Greenwood recognizes a need to upgrade the science and engineering education programs in order to keep the United States as a front-runner in the space race.

Harrison speaks to students continued from page 1

to have (in child sexual abuse) is for feminists to realize that this is a feminist issue. It has never been taboo to rape your child. It has only been taboo to talk about it. We're talking about child rape on the front pages of newspapers across the country. The people alone have the power to stop child sexual abuse. We will make it unsafe for abusers and rapists to rape our children. It is society's silence that has conformed sexual abuse for centuries. The silence has been broken.

According to Harrison, "I think children deserve the very best...as long as you have children with us are not protected none of us are...one of the reasons I have chosen to organize is that the legal system never changes except in response to pressure...the legal system is like a country club - they protect their own - I'm a lawyer of twelve years telling you this."

The trial on the Alabama case (involving Jean and Lorie Brothers) begins on October 10 Tuesday in AL Supreme Court. Harrison urged students to attend. She said at no time has Lorie been examined and that the Department of Human Resources has opposed Jean Brother's motion concerning the child's rape. Harrison will be speaking along with Jean Brothers and Alan Rosenfeld (Director of the Vermont Children's Rights Center), tonight, Oct. 4 at 7 p.m. at the Unitarian Church on Governor's Drive. She is planning on going to Vermont to work at the Children's Rights Center, and she hopes to establish a National Children's Foundation to work for (among other things) a children's Bill of Rights.

Although she was no break in the two hours that Harrison spoke, students seemed very interested and asked questions for a long time after she finished her presentation.

Greg Riley, University of North Carolina-Class of 1989

The right choice.
BDM Corporation gives public speaking awards

The BDM Corporation awarded Rita Reynolds and Lori Greenwood first and second place honors respectively at BDM’s Championship of Public Speaking on Sept. 7.

“We’ve had wonderful success with the program,” stated project coordinator Warren Campbell. “BDM employees are involved and enthusiastic about the cross-fertilization of talent within UAH and the Communication Arts Department.”

Schonberg awarded research grant

by Rick Mould for The Exponent

The Engineering Foundation, in cooperation with the American Society of Mechanical Engineers, has awarded UAH assistant professor Dr. William Schonberg an Engineering Research Initiation Grant for 1989-90. Only three grants are awarded annually by the New York-based organization. Schonberg, a faculty member in civil engineering at UAH, competed against other proposals nationally for the grant.

Schonberg will use the $20,000 grant to investigate hypervelocity projectile impact. His work will be used in the development and design of advanced space debris projection systems for long duration space structures such as the Space Station Freedom.

His research will be tested later at the new UAH aerophysics building which will be under construction this fall. Schonberg will conduct hypervelocity tests where projectiles will be traveling at speeds of five miles per second.

He received his bachelor’s degree from Princeton University with honors and earned his master’s and doctorate from Northwestern University. Schonberg has been performing research in low and high speed impact and has published numerous papers on his work in refereed journals since joining the UAH faculty in 1986. He previously has received support for his research activities through contracts and grants from NASA’s Marshall Space Flight Center and the UAH Research Institute.

Red Cross salutes drives

be our family’s surgery that is postponed.”

Awards were presented for the following categories: 0-100 employees: 1st place — Teledyne S.C. with 247%; 2nd place — Coleman Research with 145%; 101-300 employees: 1st place — Redstone Federal Credit Union with 89%; 2nd place — Phoenix Microsystems with 73%; 301-500 employees: 1st place — Colson with 43%; 2nd place McDonnell Douglas with 29%; 501-1000 employees: 1st place Avis Electronics with 52%; 2nd place — PPG with 21%; 1001+ above employees: Boeing and SCI with 21%.

The next BDM public speaking championship is scheduled for Nov. 11.

FINANCE OFFICER’S WORKSHOP

AMENDED DATES & TIMES:

WED., OCT. 11, 8:10 to 9:10 p.m.
Thurs., Oct. 12, 12:20 to 1:20 p.m.; UC room 131

PAPERWORK SUBMITTAL DEADLINE:

Friday, Oct. 13, 5:00 p.m.
SGA Office, UC 106

St. Vincent’s Hospital wants to give you one.

Refer A Nurse To St. Vincent’s Hospital and We’ll Send You The Bill.

Thursday, October 26
Friday, October 27
Saturday, October 28

VBCC Playhouse, 7:30 p.m.

Tickets available at University Center Information Desk
2 FREE — Students, Staff, and Faculty
$4.00 — Students
$5.00 — General Public

If you’d like to earn a $100 bill, St. Vincent’s Hospital wants to give you one.

Just refer an RN to St. Vincent’s. If the RN is hired as a full-time staff nurse and lists you as a referral, you’ll receive $100! That’s right, $100 for each nurse you recruit. The nurse must complete St. Vincent’s orientation program for the $100 to be given.

So if you know nurses who fit the bill, tell them to call Scott Brown at 939-7956.
...how can we expect to eliminate vice?"

by Gregory Casteel

As I have never been an avid fan of bourgeois capitalism and the theories of Adam Smith. However, I can recognize a sound principle when I see one, and there is at least one principle of capitalism that is quite sound — the law of supply and demand. In my column last week, I pointed out the significance of supply and demand in America's drug problems. Supply and demand affects practically every endeavor that involves the exchange of money for goods or services.

It even affects the "vice market" — if there is a demand for something that is harmful, immoral, or illegal, someone can find a way to supply it. A "vice supplier" is willing to take the risks involved in supplying the vice because he knows that he can make a very good profit. Our society (in particular, our government) has traditionally pursued a policy of "cracking down" on vice. Unfortunately, we have been going about it in the wrong way.

Efforts to stop vice have traditionally focused on attacking the supply. This has been a very difficult task, because a clever "vice supplier" can usually outwit the authorities. If the vice is legal (such as tobacco or alcohol) the suppliers can lobby on behalf of their business or use legal trickery to protect themselves. If the vice is illegal (such as prostitution) the suppliers use subterfuge or violence to protect themselves. And even when a vice supplier is shut down, a dozen more are created to take its place.

Our own history should illustrate that attacking the supply doesn't work. Look at Prohibition, for instance. Prohibition failed miserably because the government cut off the legal supply of alcohol but the demand remained high. So the suppliers simply set up shop across the border, or whatever legal loopholes they could find in order to meet the demand.

If we want to eliminate a vice, trying to eliminate the supply without also eliminating the demand is an exercise in futility. But if we can successfully eliminate the demand, the supply will disappear by itself. We've got to reshape our policies so that we start attacking the demand.

But how do we eliminate a demand for something? First, we must know what causes the demand. The demand for vices is usually caused by two factors: 1) the mistaken belief that some vice will fulfill that need, and 2) the mistaken belief that some vice will fulfill that need. For example, we all need happiness. When a person feels that his need for happiness isn't being fulfilled, he may drink or use marijuana, mistakenly believing that he will find happiness there.

So, in order to determine the demand for a vice, we must first try to make sure that everyone's needs are fulfilled; and, second, we must make sure that everyone knows that vices won't fulfill their needs.

"Efforts to stop vice have traditionally focused on attacking the supply. Our own history should illustrate that attacking the supply doesn't work. Look at Prohibition, for instance."

by Marilynn Delpayn Sampson

In the past few weeks it has been my good fortune to listen to both District Attorney Bud Cramer and lawyer Garrett Harrison speak about the subject of the sexual abuse of children. This is a difficult topic to listen to, write about, talk about, or know how to do anything about.

So how does this theme fit into my on-going theme of "get involved?" Wellllll...after you've settled down and make those needs worse.

Community service is being done by a number of organizations on campus. Many groups work with agencies such as Big Brothers / Big Sisters, Make-A-Wish Foundation, Chi-Ho etc. There are a number of agencies in Huntsville and Madison County that deal with children. Among them are the National Children's Advocate, Safe N Sound, Love's Helpline, Big Brothers, Big Sisters, Big Boys, Big Girls, Make-a-Wish Foundation, Chi-Ho etc. There are a number of agencies in Huntsville and Madison County that deal with children. Among them are the National Children's Advocate, Safe N Sound, Love's Helpline, Big Brothers, Big Sisters, Big Boys, Big Girls, and the Department of Human Resources, the Methodist Student Center etc. Every agency in town can use help.

What kind of help? There are short-term job, long-term jobs, jobs for individuals, jobs for groups, jobs that require training, jobs where you can use skills you already have, or you can acquire skills you need. There are also requirements for things such as fund-raising, throwing parties, transportation and so forth.

This is a good time to inquire about how you or your organization can help. How about volunteering for a group of foster children? The Voluntary Action Center keeps a list of requests from agencies that have volunteer needs. The VAC also publishes a Christmas Wish Book where agencies list their wants and needs. Get a volunteer bulletin board going and encourage others to "volunteer" as a substitute for these things.

"...we have endless opportunities..."

by Laurence P. Specker

Our society doesn't fulfill needs because it simply doesn't care. We live in a society of competition and survival. If we see one, and there is at least one principle of capitalism that is quite sound — the law of supply and demand. In my column last week, I pointed out the significance of supply and demand in America's drug problems. Supply and demand affects practically every endeavor that involves the exchange of money for goods or services.

It even affects the "vice market" — if there is a demand for something that is harmful, immoral, or illegal, someone can find a way to supply it. "...I would like to walk..."

To the Editor:

After reading the article by Lawrence Specker, I felt compelled to write. If I lived in campus housing, I would like to walk to classes because I know I need the exercise. My brother rode a bicycle to classes, and he lived south of Airport Road. Those of us who must drive to campus really would appreciate less competition for parking spaces. This university has a lot of non-traditional students. Many people, like me, work out of necessity, and there are not that many jobs within walking distance of UAH.

I would like to see improvements in the parking situation, especially since more people come here each year. As it is, I have to jog across the lot to my car to get to my next class. Several students have only ten minutes to get to the Engineering building from the engineering annex, otherwise known as Roberts Hall, which has the slowest elevators in Huntsville. The congestion both ways is terrible.

Why not install elevated walkways so the cars do not have to wait for pedestrians? If Huntsville Middle School can have one, so can we. A reduction in the campus crime rate might encourage more use of bicycles.

We just had a parking decal increase and expect another next year; I expect improvements. Thank you.

Melanie Hazelrig
Huntsville

The Exponent welcomes concise letters to the editor from the UAH community. Preference will be given to letters dealing with current events and UAH-related concerns or issues. All submissions should be typed, double-spaced, and signed; very neatly handwritten letters will be accepted. Letters will not be corrected for spelling, grammar, or punctuation.

The deadline for letters to the editor is Friday, 5 p.m., before the following Wednesday’s newspaper. All letters will be verified as authentic before they are printed, and authors must present a type of identification upon submitting a letter in person. All letters must contain an address and telephone number where the author can be reached. In the event that the author cannot be reached by Monday at 5 p.m., the letter will not be published until the following week. Names of authors will be withheld upon request; anonymous letters will be rejected.

Application forms are available for...

Who’s Who Among Students in American Colleges & Universities

at the University Center Information Desk

To be eligible, you must be...

- an undergraduate student with at least a 2.5 g.p.a.
  and be a Junior or Senior

- a graduate student must have at least a 3.0 g.p.a.

If you meet the above criteria, fill out an application today. This honor would be a nice addition to your resume, and all those selected will be recognized at the Student Leadership Banquet in the Spring.

Application forms must be returned to UC 111 or the UC Information Desk by 5 p.m.

Who’s Who Deadline: October 28
Circle K starts year with informative open house

Over 50 people attended Circle K International’s Open House which was held last Thursday night. Members of the Engineering, Math, and Metropolitan Kiwanis Club and the Metropolitan Kiwanis Club were in attendance. Members at the event were entertained by a slide show and a game of human bingo. To close out the Open House, everyone broke up into groups and were educated on just what Circle K is. It was nice to thank everyone for attending. It was a big success.

Last Saturday, members and guests took a group of kids from Chi-Ho to the roller skating rink. Everyone had a great time!

If you would like to become involved with CKI, please come to any of our meetings. Meetings are held every Tuesday night at 8:15 p.m. in the UC Room 127. If you cannot make it to our meetings, you can still become involved with CKI. Projects are held every Saturday. For more information, please call Cindy at 538-3679.

Department Chairman, introduced himself and welcomed the students to seek his help when needed. Dr. Martin Hofmann, the IEEE Branch Counselor and an EE Graduate Professor, spoke to the students about the opportunities available in the IEEE this coming year. An informal social followed. The new Branch officers are club advisor, chairman; Ryan Austin, secretary; Milo Chang, and treasurer. An opening for a private meeting was held to serve in the Vice Chairperson position. Any member interested in being in the Vice Chairperson position should contact Phil Umstead at 882-9042 or 876-1619 (w).

The IEEE Southeastern Conference, the annual student conference, will be held in New Orleans April 1-4. Two student competition will be held at the conference. The first is the Student Paper Contest, which has a first-place prize of $60. Any member who has an idea of interest to the engineering community and would like their paper to be submitted for competition should contact Phil Umstead or Dr. Martin Hofmann (882-9042). There are also cash prizes for second- and third-place papers. The second competition is the Hardware Contest. This year the object will be to design a car that will track a current-carrying wire and then optically track a white strip on a black strip. Any member interested in being on the design team should contact Phil Umstead or Dr. Hofmann soon.

Our next meeting will be held on Wednesday, Oct. 25 at 8:15 p.m. in Room 207 of the Engineering Building. All engineering and science students are invited to attend the meeting since plans will be made for the school year. For more information contact the Political Science office in Morton Hall Room 290.

The IEEE Student Branch of the Institute of Electrical and Electronic Engineers (IEEE) held its first meeting of the school year on Sept. 27 at 8:15. Dr. Charles Weaver, the Department Chairman, introduced himself and welcomed the students to seek his help when needed. Dr. Martin Hofmann, the IEEE Branch Counselor and an EE Graduate Professor, spoke to the students about the opportunities available in the IEEE this coming year. An informal social followed. The new Branch officers are club advisor, chairman; Ryan Austin, secretary; Milo Chang, and treasurer. An opening for a private meeting was held to serve in the Vice Chairperson position. Any member interested in being in the Vice Chairperson position should contact Phil Umstead at 882-9042 or 876-1619 (w).

Students Over Traditional Age will have a meeting Thursday, Oct. 5 at 8:15 p.m. at the Bevill Center Restaurant. Come Join Us For Lunch!

World Issues Society

The World Issues Society met yesterday and elected new officers. The following students will serve for the 1989-90 school year: Katie Smith, president; Steve Burrows, vice president; and Cathy Wright, treasurer. WIS’ next meeting will be Tuesday, Oct. 17, in Room 122F of Morton Hall. Plans for the year will be solidified at this meeting. For more information call faculty advisor, Dr. Glenn Colcomb at 866-6160.

ACM

The Association for Computing Machinery will hold its first meeting of the quarter on Tuesday, October 10, at 8:15 p.m. in Room 215 of Madison Hall. The upcoming conference in Tuscaloosa will be one of the topics on the agenda. Please attend if you can.

Delta Chi

Fall ‘89 has started very actively for Delta Chi. On the 15th we threw a great “Squeal Day ’89” party with the ATOs. We would like to thank the ATOs for all they did. Congratulations to all the new pledges of the Chi Omegas, Delta Zetas and Kappa Deltas.

On the 21st we held a mixer with the Chi Omegas. Thanks to the Chi Omegas who turned out in force. We feel like it was a great success. We are looking forward to mixing with the IZAs and KDs.

The 22nd was the date of our Bandstand Bash at Waterford Square.

We had a good turnout and a great time.

On the 25th there were a number of members participating in the Delta Chi/Kappa Delta carwash fund drive. We appreciate the KDs who hung in there in spite of the cold.

Saturday night was Delta Chi’s Bid Day Celebration and we anticipate this being a great pledge class. Delta Chis are practicing for intramural football and are looking forward to playing. Good luck to the other teams.

Thanks to everyone for continuing the Monday Night Football tradition.

We will have Bible study Monday night at 8:15.

On Tuesday, we will have a Celebration at 8:15 p.m. Our guest speaker will be Larry Rogers from Sheppard Baptist Church.

Our Fall Retreat is coming up Oct. 21-22. The retreat will be led by Keith Miller, youth minister from Whiteburg Baptist Church. The retreat will be held at Camp Sumatanga and will cost $25. Registration deadline is Oct. 17, and a $10 deposit is required at this time.

The Baptist Student Center is located at 450 Sparkman Drive, across from the UAH campus.

Math Club

The math club will hold its first monthly meeting on Thursday, Oct. 5 at 8:15 p.m. in Madison Hall Room 330. All interested students are invited to attend. Plans for the upcoming year will be discussed. Dues for the new year will be $2. Mathematical competitions and events will also be discussed. In addition, a lunch will be served for S1.

BSC

The Baptist Student Center will have its Wednesday lunch today at 12:15. The cost is $2, which goes to St. Jude’s Children’s Hospital.

We will have drama and clowning tomorrrow night at 8:15. Everyone is invited to come and participate in these exciting new activities.

We will have Bible study Monday night at 8:15.

Photo by Rudy Setiawan

We submitted photo, names of all individuals in photo, photo credit, if photo can be printed. We cannot guarantee that all of the announcements will be published. We will try to accommodate announcements about ways to get involved in the IEEE.
Well, it's time again! School has started, and the Delta Zetas are really excited about fall quarter. After a summer of hard work, the girls' efforts paid off as Delta Zeta pledged a quota of sixteen. The chapter is excited about these new pledges: Chanda Bartlett, Leigh Ann Bender, Debbie Durham, Suzanne Edmondson, Christy Henderson, LeeAnn Hodges, Melissa Houd, Val Horse, Amy Jackson, Mark Johnson, Denise Kuehl, Anissa Moore, Jennifer Rainwater, Stacy Seiler, Lena Thomas, and Kim Thrasher. Congratulations, girls — we're very proud of you!

The chapter is anticipating a busy October. Founder's Day, mixers, pledge retreat, and pledge formal are all scheduled.

Interfaith Mission Service

The month of October has been proclaimed "Interfaith Mission Service Awareness Month" in the cities of Huntsville and Madison. To acquaint the community with the services of Interfaith Mission Service and its affiliated organizations, a series of neighborhood meetings will be held at various churches during the month of October. The annual Halloween Harvest of Food will be conducted on October 20. Youth from member congregations will be "trick or treating" for Food Pantry items in many areas of the city. For more information, contact the Interfaith Mission Service office at 536-2401.

Mathematics Seminar

What is a number? Is there an infinity? Is there a single set of axioms from which the whole of modern mathematics can be built? Does the barber who shaves everyone who doesn't shave himself shave himself?

Is this sentence false? If questions like this interest you, then you may be interested in the Graduate Seminar in Mathematics. This is an informal colloquium of graduate and undergraduate students interested in mathematics for its own sake. This quarter, graduate students will give talks on various topics such as set theory, the foundations of mathematics, countability, graph theory, and the history of mathematics. According to Leigh Baggette, one of the organizers of the seminar, the goal is further lively discussion of mathematical ideas in a relaxed interaction of students from various backgrounds.

The first meeting of the Graduate Seminar is on Thursday, October 5, at 2 p.m. in Madison Hall Room 310. A talk entitled "Russell's Paradox and the Axioms of Set Theory" will be a springboard for discussion.

All interested persons are invited to attend. For more information, contact Marcus Pendergrass or Leigh Baggette, one of the organizers of the seminar.

Shadows

Pre-paid orders for "Shadows," UAH's fine art/literary publication, are being accepted so that interested persons will be able to reserve their copy.

To purchase the 1989 edition of "Shadows," fill out the order form at the University Center Information Desk. The cashier will receive the order with pre-payment of $5 for each copy. The 1989 edition of "Shadows" will be mailed to the address given on the form and should be received in December 1989.

The deadline for prepaid orders has been extended until October 20, 1989.

Marriott Food Service at UAH is now hiring part-time or on-call banquet servers, $5.00 per hour. Also hiring dining room server; hours 10:00 a.m. - 2:30 p.m., Monday - Friday. Pick up applications at Bevill Center front desk.

The UC information desk is open Monday through Friday, 8 a.m. to 11 p.m. and Saturday, 10 a.m. to 11 a.m. "Shadows" is accepting original works of poetry, articles, essays and visual art. Especially welcome are prose submissions, including these on current event and/or controversial matters.

For more information on contributions or entries, please call Jack Denney or any staff member at 855-6033.

Accounting Club

The UAH Accounting Club met Tuesday, Sept. 26, 1989 in Morton Hall, room 200. Ms. Betty King of the Defense Contract Audit Agency was our guest speaker. Ms. King emphasized the importance of computer experience. Anyone interested in working for the Defense Contract Audit Agency should fill out a Form 171 and return it to the DCAA Office. We were encouraged by her comments on how successful recent UAH graduates are.

Milton Looney, a retired DCAA member, was also in attendance at our meeting.

Literary Association

The Huntsville Literary Association (HLA) will present "Twelfth Night: or What's Up with Will" by the North Carolina Shakespeare Festival Outreach Tour on Monday, Oct. 9 at 7:30 p.m. and Tuesday, Oct. 10 at 8:15 p.m. at Lee High School.

Dr. Jerry Mebane, UAH English professor, will give a free pre-show lecture and discussion at 6:30 p.m. and admission for UAH students is $10 each night. Tickets are available at the UC Information Desk.

LEGAL SERVICES FOR UAH STUDENTS

The Student Government Association is providing legal services for all currently enrolled UAH students. The counselling is provided each Friday of the Fall, Winter, and Spring terms, by two licensed attorneys, both of whom are UAH alumni.

Josh Kelly will be available from 10:00 a.m. to 1:00 p.m., while James Tolleson will be available from 2:00 p.m. to 3:00 p.m.

To make an appointment, call the SGA office at 805-6642. The office is located in the University Center, Room 106.

Leon Bates
Oakwood College will present Leon Bates in a combination classical and jazz concert Thursday Oct. 5 at 8 p.m. in Moran Hall Auditorium. An admission is charged. For further information call, 726-7278.

Jim Nabors
Jim Nabors will appear in concert Friday night Oct. 6 at 8:15 p.m. at the VBCC Concert Hall. This is and the Alabama Reunion Event with the Huntsville Community Chorus. Tickets are available at the UC Information Desk or at the VBCC box office.

Free Concert

Jeffrey Dorch, violinist and Michel Dell, pianist will give a free concert Friday night October 6, at 8:16 p.m.

Bridge Tournament

There will be a sectional bridge tournament this weekend at the Sheraton across University Drive from the VBCC. Registration to play will be immediately before the first game begins at 2 p.m. on October 6.

Alumni Association picnic planned for October 14

Students, faculty, alumni and family are all invited to this year’s picnic sponsored by UAH’s alumni association, to be held on Saturday, October 14. The picnic will be held near the University Center. The day will have something for everyone, and this year’s new event will be a bed race.

The events include a one mile fun run starting at 9:30 A.M. at Spragins Hall and pre-registration for the run needs to be made to the Alumni Affairs office at 895-6085. The cost is $5 per person and a UAH t-shirt will be provided to all participants.

The music begins at 10:30 A.M. with WTAK live remote cranking up near the University Center. Also at that same time a book fair will begin with a wide variety of books for all ages. At 11:30 a.m. the dunking booth will get underway and it will be open until 3:30 p.m. Many of the UAH faculty and staff will be in the booth ready to take the big plunge.

Beginning at 11:30 p.m. lunch will be served. The price will be $3 for adults and $2 for children. At noon sky divers will drop from the sky and at 1 p.m. the fishing rodeo will get underway for children with prizes to be awarded for various categories. Also at 1 p.m. the live bands will begin playing and there will be a bed race for all interested parties. The bed race will be divided into categories for sororities, fatalities and other groups and monetary prizes will be awarded for each category. A winner will be picked in each of these groups and then a race will be held to determine the overall winner with an additional prize to be given. The children’s games will start at 2 p.m. along with volleyball games with prizes for the winners. A frisbee golf demonstration will also be held at 2 p.m. at a place where there will be a Mr. Gatti’s pizza eating contest and family swimming at Spragins Hall. The day will come to a close at 3:30 p.m. as a tug-of-war contest is held.

For further information about the picnic or to sign up for the fun run, bed race, volleyball or the tug-of-war contact the Alumni Affairs Office at 895-6085.
The Exponent

is seeking students who want to get involved in something that is fun and exciting. We’re understaffed and we need to hire people now.

Working for The Exponent is the most fun job you’ll ever have. There’s always something exciting going on here. We’re the most fun-loving group of people at UAH. In fact, right now we’re planning our quarterly bash, The Exponent Staff Party!

Let me explain some of the benefits you get working here. First, you get paid for doing a fun job that will only require a few hours a week. Second, The Exponent staff is always the first to hear the gossip around campus. Third, half of our staff should be professional comedians. The other half should be committed to a mental ward. Fourth, our reporters often are able to get into events free. Fifth, if you apply now, you will receive, absolutely free, the eternal gratification of our staff.

Without a doubt, The Exponent is the most fun organization on campus. We work hard, but we always have fun while we work. If you would like to apply, please come by UC Room 104, or call 895-6090. You won’t regret it.
**Benefit concert promotes Amnesty International**

by Laurence F. Specker

**Saturday night's Amnesty International benefit got off to a puntual start at exactly 7:30 p.m., well ahead of schedule. The evening was introduced to a waiting audience. The show continued with short sets by the guest performers and a brief address by a representative of the Huntsville Literacy Association.**

**Rankin Street's set, less than half an hour long, was the shortest of the night. Trusty Kilp and Trailer Bride both performed half-hour sets, and one member of Trailer Bride announced to the audience that the AI concert was Rankin Street's first public performance.**

**To Argentina, the last group to play, was somewhat reluctant to bring the night to an end and gave the longest performance of the evening. Altogether, the concert added up to between two and a half and three hours of entertainment, including the time spent setting the stage up for each band. Each band played to an audience of fifty or sixty people, with Trip to Argentina drawing the largest crowd. Overall attendance was over 100 people, according to Milo Chang.**

**The bands donated their talents, so all of the money raised will go to local AI efforts, specifically the currently organizing UAH student chapter. More important than the money raised, however, will be the knowledge concertgoers gained about Amnesty International. A strong effort was molded to inform the people present, by speech and by handouts and petitions on display in the U.C. lobby.**

**While a few people familiar with AI may have come just for the music, most of the audience came to learn about the local and worldwide goals of AI. Anyone who is interested in Amnesty International but missed the show can call Chang at 726-5563 or 722-9353 for more information.**

**English Professor named finalist in poetry contest**

by Suzanne Neumann

**Dr. Susan Luther has taught English at UAH since receiving her PhD at Vanderbilt in 1985. (A winner, who will receive $500 and publication of the winning manuscript, has yet to be named.)**

**"Guests" is a collection of previously published poems and some unpublished works. Luther is currently working on a manuscript titled "Moon Over Alabama." Luther's unpublished works. Luther is currently working on another manuscript titled "The Church Gallery is open from 12:30-5:30 p.m. Monday, Wednesday, Thursday and Friday and from 12:30-7:00 p.m. Tuesdays. Admission is free."**

**Campus art galleries currently displaying exhibits**

by Pat Newcomb

**Art exhibits are currently on view in both the University Center Art Gallery and the Church Gallery through October 13. The UC Art Gallery, located off the UC lobby, is displaying the works of Mary Lee Jordan Sullivan, born and raised in Huntsville, studied studio art at UAH in the early 1980s. Sullivan is married and worked in Chattanooga, Tennessee; Gainesville, Florida and Atlanta Georgia.**

**The well-crafted, hand-made pieces of hand-printed paper, according to Art Gallery director, par- time art department faculty member, "The artist emphasizes structure, form and color to produce strong mood recognition," said Dave.**

**In a statement Sullivan said that the "work in this exhibit has no anagram theme. Each piece arose from a separate life experience, the sole continuity being their reflection of my own transient life and mercurial nature. Through this reflection I hope to create a genuine sense of the viewer, in some cases even written parents a respite from reality with their children."**

**"Last week was so great...My husband was so impressed...My daughter has been waiting all week for this...I want to make something."**

**"What is it that has parents and children so enthused? At 10:30 a.m. most Saturdays of the term the Children's Hour sponsored by the University Center, has been entertaining and delighting the children of students, staff and faculty, and allowing parents to have some structured quality time with their offspring. In some cases even written parents a respite from reality quality with their children.**

**"I want to try an intimacy or narrative quality in non-objective form."**

**The work currently on display at the Church Gallery is a collection entitled "Georgia on my Mind." The exhibit features 16 different artists who incorporate lettering art. "The juried exhibit is a collection of 26 pieces using calligraphy in poems, illustrations, prints and watercolor paintings," said Davis. The show is organized by the Alphabet Calligraphy Guild of Atlanta.**

**The exhibit at UAH is co-sponsored by the UAH Church Gallery and the Huntsville Calligraphy Arts Guild. The Church Gallery is open from 12:30-5:30 p.m. Monday, Wednesday, Thursday and Friday and from 12:30-7:00 p.m. Tuesdays. Admission is free."**

**Children's Hour spreading enthusiasm**

by Marian Delaney Sampson

**"Last week was so great...My husband was so impressed...My daughter has been waiting all week for this...I want to make something."**

**Some of Children's Hour's biggest fans**

**Brand new supplies and good food. It's all free to the UAH community. I think we've got a good program going.**

**Take a study break on Saturday morning by bringing your child to the Children's Hour. If you don't have a child, bring yourself. We can eat breakfast, lunch or brunch and enjoy watching some of that "nonexistent campus life" bubble all over the cafeteria.**
On Friday evening, Sept. 29, the Huntsville Chamber Orchestra presented its first concert of the 1989-1990 season. The program was repeated again on Saturday evening. Dr. Marx Pales, UAH professor of music, returned as conductor of the HCO for this, his fifth consecutive season. The program was a delightful potpourri of some of the finest pieces the music world has to offer.

The program began with the enchanting sounds of Mozart in the overture to his opera "Così Fan Tutte" (K.588). This piece is full of the childlike delight that is so often present in Mozart's music. The program included Beethoven, the master of the symphony; and his Symphony No. 2 (Op.36) gave a wonderful illustration of that mastery. Written during the onset of Beethoven's deafness, his Symphony No. 2 was performed again on Saturday evening.

Following the Beethoven symphony, the HCO was joined by guest artist Young Ok Shin, a brilliant soprano who earned both her Bachelor and Master of Music degrees at the prestigious Juilliard School of Music, while studying under full scholarship. Ms. Shin has sung leading operatic roles, including Susanna in Mozart's "Le Nozze di Figaro." This weekend, she amazed Huntsville audiences with a selection of arias, accompanied by the HCO. Her first selection brought us back to Mozart as she sang his aria "Schon lacht holde Frühling" ("Spring now laughs in beauty") (K.588). Then we heard Verdi's aria "Caro nome che li dirò" from "Rigoletto."

After the intermission, the HCO performed a piece by Delius, "On Hearing the First Cuckoo in Spring." This composition captivated the audience with its lyrical mood. The concert ended with the return of Young Ok Shin to perform Bellini's aria "AK.Non credea mirarti," from his opera "La Sonnambula." As someone who loves great music, I try to find the opportunity to attend as many of these fine musical events as my schedule will allow. I always expect to hear something that is good, because, despite the fact that Huntsville is not a large, culturally rich city, we do have a very good musical community. But when I attended the Huntsville Chamber Orchestra's first concert of this season, I was amazed at what I heard. Not only was the HCO more brilliant than ever, but the guest soloist Young Ok Shin was unbelievable. I have never heard such a beautiful, dynamic and versatile voice before. If you missed this weekend's concert, you missed something spectacular. If you are, like me, a lover of great music, I strongly advise that you attend one of the concerts of the HCO this season. The Exponent will continue to inform you about these concerts, and UAH students get a substantial discount on tickets. There is really no reason for you not to take advantage of the cultural events, such as HCO concerts, available right here in Huntsville.

SWE to hold Bachelor Auction

For the second year, the UAH student Society of Women Engineers (SWE) club will host a "Men of UAH" bachelor auction. Women in the audience are introduced to bachelors of various ages and professions. Each man will describe his interests and what the winning date will consist of. Dates with these volunteers are then auctioned off to the highest bidders.

Last year the student group raised over $450 for the scholarship fund. As a result of first date from that event, Dr. Mark Bower and Peggy Byrd were married this June. They both recommend the auction highly! So if you're single (or even if you aren't), it promises to be very entertaining. It is scheduled for Friday, Oct. 6 at 7 p.m. in the University Center. We are still looking for a "few good men," so if you are interested, call Kate at 895-6664 or Crystal at 837-6663.

The Association for Campus Entertainment Cabaret Series presents:

Hoodoo Gurus

in concert in Spragins Hall

Friday, October 20 at 8:00 p.m.

Hoodoo Gurus is an Australian Rock Band that plays progressive and modern rock music. They recently had a #1 song, "Come Anytime" on Billboard's Modern Rock Chart.

streets where nerve gas and special weapons were used to subdue and beat the people. According to the Georgians, 4,000 people were injured and 22 people were killed, including one pregnant woman. The blood in the square was cleaned up before business hours that day. The official Soviet newspapers reported that the soldiers were reacting to Georgian demonstrations against the Soviet Union. The Georgians told the Americans that they originally had great hopes for the "new" programs and initiatives of Gorbachev, but they now realize that glasnost and perestroika and demokratization are not for the people but for the government only.

In Lithuania, the Americans saw hunger strikes and protest marches. Some members of the group

Von Braun forum to feature noted speakers

Preceding the forum will be the Second Annual Dr. Wernher von Braun Scholarship and Awards Dinner sponsored by the National Space Club. This black-tie event is open to the public with tickets at $55 each. The tickets may be purchased on or before October 20 through the UAH Division of Continuing Education by mail, in person, or by calling 805-6010 or 1-800-448-4031 from outside Huntsville.

United States leadership in the field of astronautics. Each year the group selects a recipient for both The Dr. Wernher von Braun Flight Award and also The Dr. Wernher von Braun Scholarship. The Space Flight award honors an individual who has contributed significantly to the advancement of space flight programs. The Scholarship is presented to an undergraduate upperclassman dedicated to the pursuit of space exploration, flight development, and space engineering. The Club will also, for the first time present The Dr. Wernher von Braun Press Award to an individual or group that has made a significant contribution to public knowledge and understanding of astronautics.

International Students
Reception October 22

There are close to 900 students from more than 900
students from more than 75 countries around the
world who attend A&M, UAH, and Oakwood
College. Each year the City of Huntsville and the
County of Madison host International Students
Reception to welcome the many students from other
countries who study at our local universities and
college. This year the reception will be held on
Sunday, Oct. 22, in the lobby of the Madison County
Courthouse from 3 to 5 p.m.

Betty Farguex, president of the Huntsville/
Madison County Council for International Visitors
coordinates the affair with the Homemakers’ Clubs.
Barbara Hoover, chairman, will be assisted by
Vickie Coffee of the Madison County Extension
Service.

The Huntsville/Madison County Council for
International Visitors was established in 1964 and
serves as the community’s focal point for the
coordination of international visitors’ activities.

Betty Farguex, president of the Huntsville/
Madison County Council for International Visitors
coordinates the affair with the Homemakers’ Clubs.
Barbara Hoover, chairman, will be assisted by
Vickie Coffee of the Madison County Extension
Service.

The Huntsville/Madison County Council for
International Visitors was established in 1964 and
serves as the community’s focal point for the
coordination of international visitors’ activities.

Men and women from many segments of the
community volunteer their services as members of the
board of directors. Other people in the city and
county give their time and expertise to assist the
council in its objective of making visitors from
abroad comfortable in their new surroundings.

Mac Giveaway

On Friday, September 29, a drawing was held to
give away a free Macintosh computer. The giveaway
was sponsored by the University Bookstore and
Apple Computers. The winner’s name will be
announced at a later date. Pictured here is Harvey
Trull, manager of the University Bookstore.

Film Co-op
89-90 schedule

by Lawrence F. Specker
features reporter

The Huntsville Film Co-op has announced its 1989-90 Fall/Winter/Spring schedule. On the first weekend of each month, the group will be showing a critically acclaimed film in the Huntsville/Madison County Main Branch Public Library. All films will begin at 8 p.m. and a $3.50 admission will be charged.

The first movie of the series, "Pelle the Conqueror," will be shown only on Saturday, October 7. This story of a migrating farmer and his son received the 1988 Oscar for Best Foreign Film, and stars Max Von Sydow. "Jean de Florettes" will be shown Friday, November 3, followed by "Manon of the Spring" the next night. Although "Manon" is a sequel, it also stands on its own.

For the rest of the season, the same movie will be shown on Friday and Saturday nights. On Dec.1 and 2 the selection will be "Ginger and Fred," a satire about a pair of reunited Astaire and Rogers imitators. 1990 will start with "Lola," a look at postwar European society to be shown January 5 and 6, and Terry Gilliam's Argentinian film "The Adventures of Baron Munchausen" on February 2 and 3. Spring will bring "Heathers" in March and "The Thin Blue Line" in April.

The film co-op provides interested moviegoers with a hotline, 539-FILM, for up-to-date information. The co-op also invites volunteers (free admission for clean-up work) to get in touch via the above number.

ACE Films

The Association for Campus Entertainment's (ACE) Fall Film Series continues with two movies this week. On Wednesday, Oct. 4 at 8:15 p.m. "Punchline" will be shown in room 146 of the University Center. "Punchline" is a comedy-drama, starring Tom Hanks and Sally Field as struggling stand-up comedians. It's a serious film with much humor.

On Friday, Oct. 6 ACE will show "Young Frankenstein" out-of-doors on the lawn north of Building 706 in campus housing. This movie is a Mel Brooks spoof on the story of Dr. Frankenstein. This wacky comedy stars Gene Wilder, Madeline Kahn, Terri Garr, Cloris Leachman, and Marty Feldman. ACE is providing free hot dogs and marshmallows for this movie. Movie-goers are asked to bring their own drinks and blankets. Cartoons will start at 7 p.m. The feature will start at 8 p.m.

Spanish film series

The Spanish-speaking Film Series continues each Wednesday at 3:15 p.m. in Roberts Hall. The viewing room has been changed to room 146 of the University Center. Features reporter

The story starts with an unstable situation in a sort of limbo: A smooth-lying lawyer is having an affair with his wife's sister. His wife has suppressed her passions all her life, unlike her extroverted, carefree sister, and she is beginning to realize that her life has not been a very rewarding one. She is attending therapy, but it doesn't seem to be doing any good.

The situation is brought to a head when an old college buddy of the cheating husband comes to town. He's a strange, troubled drifter obsessed with truth, and his presence stirs things up. Eventually he leads the sisters to examine the lies in their lives, and one of them turns the tables on him, forcing him to examine the lies in his life.

"Sex, lies, and videotape" lives up to unusual rumors

by Lawrence F. Specker
features reporter

By now you've probably heard the rumors about "sex, lies and videotape." You're probably aware that it has been accused of being a better than average film, in spite of its provocative title. The rumors are true.

"Sex, lies and videotape" is an extraordinary movie, unlike any I have ever seen. Even the way the soundtrack is handled is unusual.

Small sound, such as the noise of footsteps or the clanking of silverware, comes through loud and clear, stressing the silence they fill. Conversations are woven with unrelated actions on the screen, to illustrate the differences between what is happening and what people think is happening.

The photography is also unusual. Camera motion and odd angles give the illusion that the whole movie, not just parts of it, was shot on a hand-held videocamera. This is not to say that the film is fragmented and of low quality; rather it gives the viewer the feeling of being a very well-informed fly on the wall as he or she watches this skillfully crafted, suspenseful drama unfold.

"Manon of the Spring" stands on its own.

Although "Manon" is a sequel, it also stands on its own. For the rest of the season, the same movie will be shown on Friday and Saturday nights. On Dec.1 and 2 the selection will be "Ginger and Fred," a satire about a pair of reunited Astaire and Rogers imitators. 1990 will start with "Lola," a look at postwar European society to be shown January 5 and 6, and Terry Gilliam's Argentinian film "The Adventures of Baron Munchausen" on February 2 and 3. Spring will bring "Heathers" in March and "The Thin Blue Line" in April.

The film co-op provides interested moviegoers with a hotline, 539-FILM, for up-to-date information. The co-op also invites volunteers (free admission for clean-up work) to get in touch via the above number.

Spanish film series

The Spanish-speaking Film Series continues each Wednesday at 3:15 p.m. in Roberts Hall. The viewing room has been changed to room 146 of the University Center. Features reporter

The story starts with an unstable situation in a sort of limbo: A smooth-lying lawyer is having an affair with his wife's sister. His wife has suppressed her passions all her life, unlike her extroverted, carefree sister, and she is beginning to realize that her life has not been a very rewarding one. She is attending therapy, but it doesn't seem to be doing any good.

The situation is brought to a head when an old college buddy of the cheating husband comes to town. He's a strange, troubled drifter obsessed with truth, and his presence stirs things up. Eventually he leads the sisters to examine the lies in their lives, and one of them turns the tables on him, forcing him to examine the lies in his life.

"Sex, lies, and videotape" all have their place in this movie, but the title could just as well be "Truth or Consequences." The action is mostly internal, but it is no less interesting for that reason.

"Sex, lies, and videotape" is a thought-provoking film packed with surprises and irony, and I recommend it to anyone looking for a film that includes a strong dose of intelligence in its composition.
A look at the past...

expONENT

"Let us dare to read, think, speak and write.

- John Adams

the Oct. 1, 1969 exponent is an interesting newspaper. The front page carried the paper’s slogan “Let us dare to read, think, speak and write” by John Adams. The front page was devoted to two articles under one banner, “What about education in Alabama?” One column was written by then Gov. Albert Brewer exclusively for the exponent. The other was a survey conducted by the exponent concerning the hiring of faculty at UAH. These articles were separated by a cartoon. This cartoon could easily find a home in The Exponent in 1969. It consists of two figures, a large football player labeled “Ala. Schools” carrying a pennant labeled “No. 48.” The caption is “But that number one doesn’t count.”

The exponent survey of professors around the country showed that they had a negative view of Alabama and would not relocate here. This article was concerned with the difficulty of recruiting faculty at UAH.

On page 3 there were a number of articles. The first was titled “If you drink, don’t drive: If you smoke...” and was concerned with the effects of marijuana on driving ability. The next column by Frank Strihafka asked “How much longer?”, and began “Why does Alabama continue to be at the bottom of the nation in the field of education (among other areas)?”

The third column by John Scheppe was titled “From the Northern Student: ‘Alabama is no place for me.’” This was a conversation among four students and a faculty member at the University of Massachusetts at Amherst discussing Alabama. It is a magnificent piece of bigotry masquerading as liberalism. The last article on this page was about the effects of Moratorium Day: the 15th of October.

On page 4 there was the continuation of three stories and the information that “George Wallace Frightens the Hell Out Of Me.” Page 7 had a series of articles about new faculty members at UAH including Deva C. Doss and F. Lee Cook in mathematics; Dr. Frederic C. Haupt and Dr. Merle T. Emerson in chemistry; and Charles A. Halljak, Naín A. Kheir, Jatinder Nathadasar Gupta and Louis Jean Charles Salmon in engineering. An article stated that “Mrs. Reva Bailey had announced that UAH would administer the National Teacher’s Exam.” The last article on page 7 was about the UAH Student Union, a correction of a printing error in the Sept. 17th issue, and five photographs by Brend Billmayer purporting to show that “UAH is increasingly getting larger and shaggier [hair length] and perhaps in a few years we’ll actually took [sic] like a college campus should look like — youthful, changing, challenging and modern.”

A look at the 1969 exponent proves that many things can change in a generation, while other things remain remarkably the same.
Make Your First Career Move

A Walk Across Campus.

The National Security Agency will be on campus October 19th interviewing seniors majoring in electrical engineering, computer science, mathematics, and Slavic, Middle Eastern, and Asian languages. Co-op positions are also available. See your placement office for more details.

I keep forgetting to stop the plastic.
HPE offering deep water AquaJogger exercise

by Jennifer Grace
sports editor

The AquaJogger has come to UAH this fall at the Health and Physical Education Department. What is this mysterious piece of athletic equipment? It is a wide belt worn in the water to allow the wearer freedom of movement while keeping his/her head above water. The belt is not meant to be a pure flotation device as is a life preserver. It is merely a support to keep the person's body upright in the water. These belts are worn by UAH students participating in the new Swimmastics/Deep Water Workout offered through the HPE Department this fall. The class is every Monday and Wednesday night from 8 to 9 p.m., and others are welcome to come and observe the class in progress. The class will be offered again at that time next term, as well as from 5 to 6 p.m. on Monday and Wednesday.

Pat Mirandy is the instructor of the class this term. Pat is also the Assistant Fitness Director at NASA, and has taught aqua-sports for 17 years. "There are many advantages in working out with the Aqua-Jogger," says Mirandy. "The biggest advantage is the zero impact. This takes the strain off the muscles and joints of the body. Secondly, since the body is totally submerged up to the neck, every muscle is getting a workout," Mirandy also pointed out that working out in the water gets your heart rate up as much as a land workout would, but the heart is not actually having to work as hard to cool the body since the water does the cooling. Deep water workouts include a light warm-up period followed by a rigorous total body workout (similar to aerobics), and cool-down. Mirandy tries to keep the class moving for the entire hour. She also ensures that all are going at their own pace by allowing each individual to vary the movements according to their own body's needs. The class is conducted to music just as the regular Swimmastics classes were. It differs from swimmastics in that the movements are done in the deep water rather than in shallow.

UAH's next game is Wednesday, October 4, at 6:30 p.m. against Auburn University-Montgomery at Charger Field.

Chargers hold first-half lead to beat Rhodes 3-1

by Aaron D. Koger
intern sports reporter

On a rainy Saturday afternoon the UAH Chargers defeated Rhodes College, 3 to 1, in front of a sparse crowd at Charger Field. The game was never close as UAH (3-2) scored all three goals in the first half. UAH's Richard Carden scored first with a great assist from Bryan Clasby. A few minutes later Roye Locklear kicked the second goal with Clasby getting his second assist. The third goal was netted by J.K. Pac-Soldin with the assist from Saad Bennani. Rhodes' only goal came just before halftime, but has no significance in this well-played triumph of the Chargers. UAH goalie Dave Bortnick saved 13 Rhodes' shots-on-goal in the game.
FOOTBALL CONTEST WINNER

Mike Malinowski

CLASSIFIEDS

WANTED:
- Roommates
  - Taking applications for 2 to 3 Christian males for house off Bob Wallace. Close to UAH. Completely redone, new paint, etc. Call 881-4524. Leave message.

RULERS

1) Select one winning team or a tie for each game listed. Two or no marks will result in a disqualification of the entry.
2) Estimate the combined points scored by both teams in the tiebreaker game.
3) Weekly winners will be determined by the most correct games selected. In case of a tie, the tie-breaker will be used to determine which contestant is closer to the combined scores of the two teams.
4) The decision of the judges is final.
5) Entries must be received at the UAH University Bookstore, ground floor of the University Center, by 5 p.m. Friday preceding the game.
6) Only one (1) entry per contestant per week are permitted.
7) The Exponent and The Exponent staff are ineligible.
8) Each weekly winner will be awarded a $10 gift certificate towards clothing or gifts from the University Bookstore, have their name announced as the weekly winner in The Exponent, and be eligible for the grand prize drawing.
9) Only weekly winners will be eligible for the Grand Prize drawing at the end of the season.

WEEKLY PRIZES
- A $10 gift certificate from the University Bookstore for clothing or gifts.

NEW SERVICES:
- Weight Management Program; Free Herpes Support Group Monthly; Cervical Caps, and Fertility Awareness Classes.

HAPPY SUNDAY!
