Deep Dive Into Animation: Creating an Original Animated Short

Aislinn Boggan, mentor Vinny Argentina
Department of Art, Art History & Design

Concept

The goal of this project is to create an original animated short film and tell an action-packed, atmospheric, and simple original story through the medium of animation. Inspired by both my love for mermaid stories and the mysteries of the deep ocean, the film, which I titled “Thalassophobia” follows the adventures of a mermaid character and her struggles with loneliness, connection, and fear of the unknown set in a mysterious fantasy version of the deep ocean.

Development

Production

Storyboard
Rough Animation
Final Color

Acknowledgements
Thank you to the UAH Honors College for funding and supporting this creative opportunity as well as Vaughn Oeth and Nicole Hart for their input and support.
